II. Services

A. Emergencies/Safety/Security

1. Emergencies

   a. Medical Emergencies:

   - For falls and other emergencies, call: x 2020. Security and medical staff should come promptly. Do not attempt to move a neighbor who has fallen.

   - For a life-threatening emergency, call 911 from a landline, then call Security at x 2020 so that the emergency response team can be directed to your unit. You or a responsible party should notify security that you have been transported, and to which hospital.

   - Emergency pull cords: located in bathrooms and bedrooms. If you fall or have a medical emergency, pull the cord all the way down, and Security staff should respond quickly. [Call Security: x 2020 promptly if any pull cords are missing or accidentally pulled.] In addition, test your pull cords annually, calling Security before doing so.

   - SARA pendants: Residents may purchase a “SARA” [“Situational Awareness Response Assistance”], which is worn as a pendant, on a wristband, or in a purse or pocket [one-time fee]. By pressing the button, SARA’s GPS alerts Security. SARA works throughout most of Collington. Signs on some woodlands trails indicate where SARA may not function. Questions: x 2020. If not working properly, submit a work order at x 2151 or collington.theworxhub.com.

b. Fire Safety:

   1. If you discover a fire in your Apartment:

   - Get out of your apartment immediately. DO NOT take time to remove personal belongings.
   - Shut the door to your apartment. DO NOT take time to lock it.
   - Activate the fire alarm by pulling the pull station located in the corridor at the exit door/stair.
   - Evacuate to the exterior of the building. If safe to do so, proceed to the Dining Room. If not, go to the Parking Lot. If you cannot evacuate down
the stairs, move to a location on the same floor that is as far away as possible from the fire and then find a neighbor for assistance.

2. If you see or hear the fire alarm while in your apartment, but the fire is not in your apartment:
   - Remain in your apartment with your door shut. Do not open the door unless a fire fighter or Collington staff member knocks on it.
   - Do not call the Security Desk as staff is busy calling and working with local Fire Department.
   - If requested, you will be escorted out of your apartment and across the closest set of cross-corridor doors.
   - Follow instructions of the staff and firefighters at all times.
   - If you encounter smoke while in your apartment and the fire is not in your apartment, stuff wet towels under the door and wait by an open window. Open the window only far enough so you can wave a towel or clothing to alert the Fire Department to your location. If you cannot walk down the stairs, go into the fire-rated stairwell and wait for staff or firefighters to help you. Do not use the elevator.

3. If you discover a fire in your Cottage/Villa:
   - Get out immediately. DO NOT take time to remove personal belongings.
   - Shut the door. DO NOT take time to lock it.
   - CALL 911 from a neighbor’s phone.

c. Smoke Detectors/Alarms: Each unit is equipped with smoke detectors, which send a signal to Security, who will call you. [Maintenance replaces detector batteries.]

d. Smoking: Collington is a smoke-free campus. It only is permitted retroactively inside pre-approved resident units occupied prior to February 15, 2019.

2. Safety Precautions

a. Door Sensors: A sensor on your front door indicates whether your door has been opened between 12:00 am and 6:00 pm. If it hasn’t, you will be called and asked to press “1”. If no answer, Security will come and knock on your door, and, if no answer, will enter.

   Important: if you plan to be away overnight, you must fill out a form, available at the Clocktower Reception Desk.
b. Keys and gate; entry devices: For additional or replacement home or mailbox keys [fee]. For repairs or battery replacement for your gate entry device [no fee]: submit a work order at x 2151 or collington.theworxhub.com.

c. Access to Your Unit:
- Collington staff may need to enter your home to perform repairs, respond to work orders, complete scheduled preventive maintenance tasks, or to investigate possible emergencies. They are instructed to knock twice before entering.
- To allow staff access only by appointment and for emergencies, request a small red dot be placed on your door; call x 2151. [This may mean a delay in getting requested work done.]

d. Snow and Ice:
- Maintenance staff or a contractor will begin snow removal during or directly following a storm.
- To report any conditions that may be dangerous, such as icy spots, downed gutters, water leaks or floods, or loss of heat, call x 2020.
- Residents may be left messages on their phones [without ringing] and may also watch Channel 972 about current conditions, food delivery, precautions, and recommendations.
- Sanding and/or Salting Products: These products do not guarantee safe conditions, so caution will still be needed.

3. Security Desk
- Located on the third floor between the classrooms and Fitness Room; also directly accessible by the flagpole. Call x 2020 or 301-925-7707.
- For less urgent needs: call x 2151 or submit a work order at collington.theworxhub.com.
- Visitors: Inform Security when you are expecting visitors, deliveries, etc. Otherwise visitors need to sign in at the Clocktower Reception Desk when the receptionist is on duty or at the Security Desk.

The Social Worker also provides short term counseling, coordinates mental health services on campus, and participates with local clergy in providing pastoral care as requested. For additional information: x 4786.

Creighton Center residents: This involves a Social Worker who provides “medically related” social services. The Social Service staff participates with the interdisciplinary team in the initial and ongoing assessments needed to provide appropriate care to residents who live in the Creighton Center or who are there for rehabilitation.

9. The Creighton Center
The Creighton Center is the home of our Short Term and Long Term Nursing Care. The Creighton Center has 109 beds, many in private rooms. Cottages/Villas: Pick up: Tuesdays and Fridays after 8:30 am. Put recyclable items in green baskets and trash at cottage front door walkway and at villas by the roadway.

Structural changes must be under the supervision of the Facilities Department. Residents will bear all the costs of plans, permits, approvals, labor, materials, insurance, and other expenses. After a request is reviewed and approved, Collington may engage a contractor to do the work. Any alteration that is
attached to the structure becomes Collington property and may not be removed.

4. Grounds/Landscape

Personal Gardens: For advice and permission regarding gardens around cottages, villas, and ground-floor apartments, residents should contact the Collington horticulturist, x 4796 or the Grounds Committee.

Residents may plant in the front beds between the cottage walls and the covered walkway, and within 15’ of the rear foundation in back, or 15’ out from a ground-floor apartment. For cottages with a screen porch or sunroom, planting is permitted 5’ out.

Trees may not be planted in front beds, and plants that spread into walkways will be cut back. Trees planted in rear gardens may not exceed 6-8’ when mature. In apartments above the first floor, hanging baskets may be used only in enclosed balconies. No plantings, including ground covers, trees, shrubs, and perennials, may be allowed to grow on, or touch building, foundations, and sidewalls at full maturity.

Residents should consult with the horticulturist for permission to install any permanent or semi-permanent structure such as a raised bed, terrace, wall, or fence.

Grounds Maintenance: Residents are encouraged to maintain their own gardens, and this should be taken into consideration at the planning stage. Collington’s landscape contractor schedules the following annual services free of charge: spring cleanup, edging, weeding, mulching, pruning, pest/insect control, and fall leaf removal.

The contractor may provide additional services such as soil preparation, amendment, planting, and regular maintenance, for a fee: x 2151 or submit a work order.

If you prefer not to have the landscapers do any work on your garden, you need to notify the horticulturist, x 4796, who will mark your residence with large red dots at your front door and in back.

Common Area Landscape: Using a Grounds Committee form, residents may propose plantings in areas such as a courtyard or beyond the 15-foot limit, in the context of the Landscape Master Plan. After review, a recommendation will be made to the horticulturist. The proposer(s) are expected to pay for the planting and its installation and watering for the first year.
5. Work Orders

- To submit: x 2151 or collington.theworxhub.com, also reachable at collingtonresidents.org. You will need a username and password, which can be requested at x 2151. Residents should submit a work order for help in maintaining anything supplied by Collington such as a light bulb or a leaky faucet. Light bulbs in overhead fixtures will be replaced on request. Collington-supplied equipment will be fixed or replaced without charge. Staff may repair items that have been installed as a “custom option,” but a charge may be incurred.

- To submit: If you call x 2151, include your name, unit number, and telephone extension as well as a description of the issue.

- For emergencies: x 2151 during working hours or Security, x 2020, at other times.

6. Pets

- A Collington resident may have up to two household pets provided that they are well mannered, properly managed, and meet legal requirements for licensing and vaccination.

- When all pets, including cats, are outside they must be on leashes and under control at all times, except in the Dog Park.

- Feeding or caring for any other animals on the Collington campus is prohibited.

- All dogs, prior to move-in or acquired later, must be interviewed with their owner by a representative of Management.

- Each pet owner must complete and file a Pet Addendum and Pet Care Questionnaire with the Chair of Collington’s Pet Committee, including instructions for the care of the pet in the event that the owner is temporarily or permanently unable to exercise responsibility.

- If the quality of care or the behavior of the pet becomes disruptive to the safety, comfort, or well-being of other residents, as determined by Management, the pet owner will be informed and must take effective corrective action.

- All inoculations must be kept up to date, and a record of inoculations must be kept with the Pet Committee. Dogs and cats must be spayed or neutered.

- Owners must pick up and properly dispose of their animal’s waste from all Collington areas, using your own plastic bags or use the several “pet stations” throughout the campus.

- When using the Dog Park, please ask to use it if it’s being used by another dog. Pick up after your dog here, as required elsewhere.

- With the exception of Service Dogs, pets are not permitted in the Auditorium, Beauty Parlor, Clinic, Country Store, Ivy Lounge, Dining Rooms, Fitness Center, Meeting Rooms, or Pool.
Residents may choose a veterinarian. A vet visits Collington periodically, as listed in the *Weekly Courier*.

Residents who have uncaged pets in their home must be present at their scheduled housekeeping time, or the Housekeeping staff will not enter.

If you are going away, or if you are temporarily under the weather, and need onsite assistance with pet care, such as dog walking, check with the Pet Committee.

Visiting pets must be preapproved and adhere to these guidelines.

G. Finance/Payments/Giving

1. Monthly Statements
   Each residential unit receives a statement of charges early each month. Payment is due within five days of delivery in accordance with your contract. Checks may be left in the payment box outside the Finance Department on the second floor or at the Security desk on the 3rd floor, or you may arrange for automatic payment by your bank; see the Billing Specialist for authorization forms.

   The monthly charge for residence, including the basic telephone, WiFi, and cable TV charge, and, if applicable, the fee for rental of covered parking are pre-billed; all other charges, e.g., beauty salon, extra meals, catering, cocktails, copier and fax charges, cot/crib rental, or additional housekeeping or landscaping, are billed as they are incurred. Questions: x 4775.

2. Cash at Collington
   Cash is rarely needed on campus. Fees are added to monthly bills. One pays cash at the OO Shop and for produce at the Groaning Table and flowers at the Donation Table, and may use cash at the Country Store. Credit cards are not accepted anywhere on campus, but debit cards for use at the dining venues and Country Store may be purchased at the Country Store.

3. Gratuities
   Collington residents may not offer money or goods to staff members, and staff members cannot accept them. Also the charges at the Salon already include tips. Letters and cards of appreciation are welcome, especially if a copy goes to Management.

   In lieu of tips, residents are encouraged to contribute to the annual Resident Association Employee Appreciation Fund each fall, see 4.c., below.
4. Donating Opportunities

There are three tax-exempt charitable 501(c)(3) entities at Collington, for which contributions are welcome:

a. Collington
   Gifts to Collington should be directed to the Collington Foundation, see below.

b. The Collington Foundation, Inc.
   The Collington Foundation, Inc. is the philanthropic arm of Collington Episcopal Life Care Community (CELCC). Its purpose is to provide financial support to help improve the lives of its residents, the work environment of its staff, and the effectiveness of its community outreach. The Foundation’s board includes members of Collington’s board and management, as well as residents and members of the larger community.

   The Collington Foundation administers several funds:

   The Fellowship Fund:
   Provides supportive financial assistance to residents. The fund dates back to Collington’s beginnings. Residents may apply to the Executive Director; all applications are confidential.

   The Scholarship Fund:
   Grants tuition assistance to employees for continuing education. Its goals are to enhance job performance, improve job satisfaction, and increase retention of qualified employees. This fund provides scholarships for 30-40 employees per year.

   The Arts and Culture Fund:
   Supports a broad range of artistic, cultural, and educational activities at Collington, such as the purchase and maintenance of pianos, concert series, and special endeavors in the Creative Arts Room.

   Annual Fund:
   Contributes to projects that support the general needs of Collington and endeavors that fall outside of other fund categories, whether operational or capital. One program funded through the Annual Fund is directed specifically at projects that improve or add amenities for residents, have the backing of residents and management, and could not otherwise be funded by management. These grants must be approved by the Resident Association before submission to the Foundation Grants Committee.

   Giving Process:
   Donations to the Collington Foundation are accepted throughout the year. Gifts can be unrestricted or earmarked for a specific fund. If a gift is intended
for a fund or purpose not currently maintained by the Foundation the Board reserves the right to determine its use with written notice to the donor. Contributions can be in the form of outright gifts of cash or securities, planned gifts, or bequests. For information and questions: x 7682.

c. The Residents Association

The RA welcomes donations to support its activities and to support members of the larger Prince George’s County community, and Collington employees.

- Support for the RA: comes primarily from the Opportunities Outlet through its OO Shop, the Glass Cases, and estate sales. [About the Opportunities Outlet: see III.B., below.] The RA welcomes donations from residents and relatives of both items and cash.

- Non-perishable food items as well as toiletries for donation to local food banks may be left in the basket at the hallway by the Library.

- Each year, the RA solicits resident donations for its Employee Appreciation Fund, which provides a holiday check to every member of the Collington staff toward the end of each year. This is particularly important given Collington’s no-tipping policy.

D. RA Budget

The Residents Association provides financial support for a variety of Collington activities. Some of these activities include paying stipends for musicians who perform here, purchasing fresh flowers that are used to decorate the public spaces, and printing the *Collingtonian*.

The RA is supported by income from the Opportunities Outlet, which generates between a third and two-thirds of the RA annual budget, from donations for services such as those available at the Frame and Wood shops, and from proceeds from such activities as the annual spring plant sale and the Holiday Bazaar. Each committee may apply to the RA for funds to support its programs.
